

COASTAL
— CREDIT UNION —

SWIM INTO SAVINGS!

WHAT IS A CREDIT UNION?

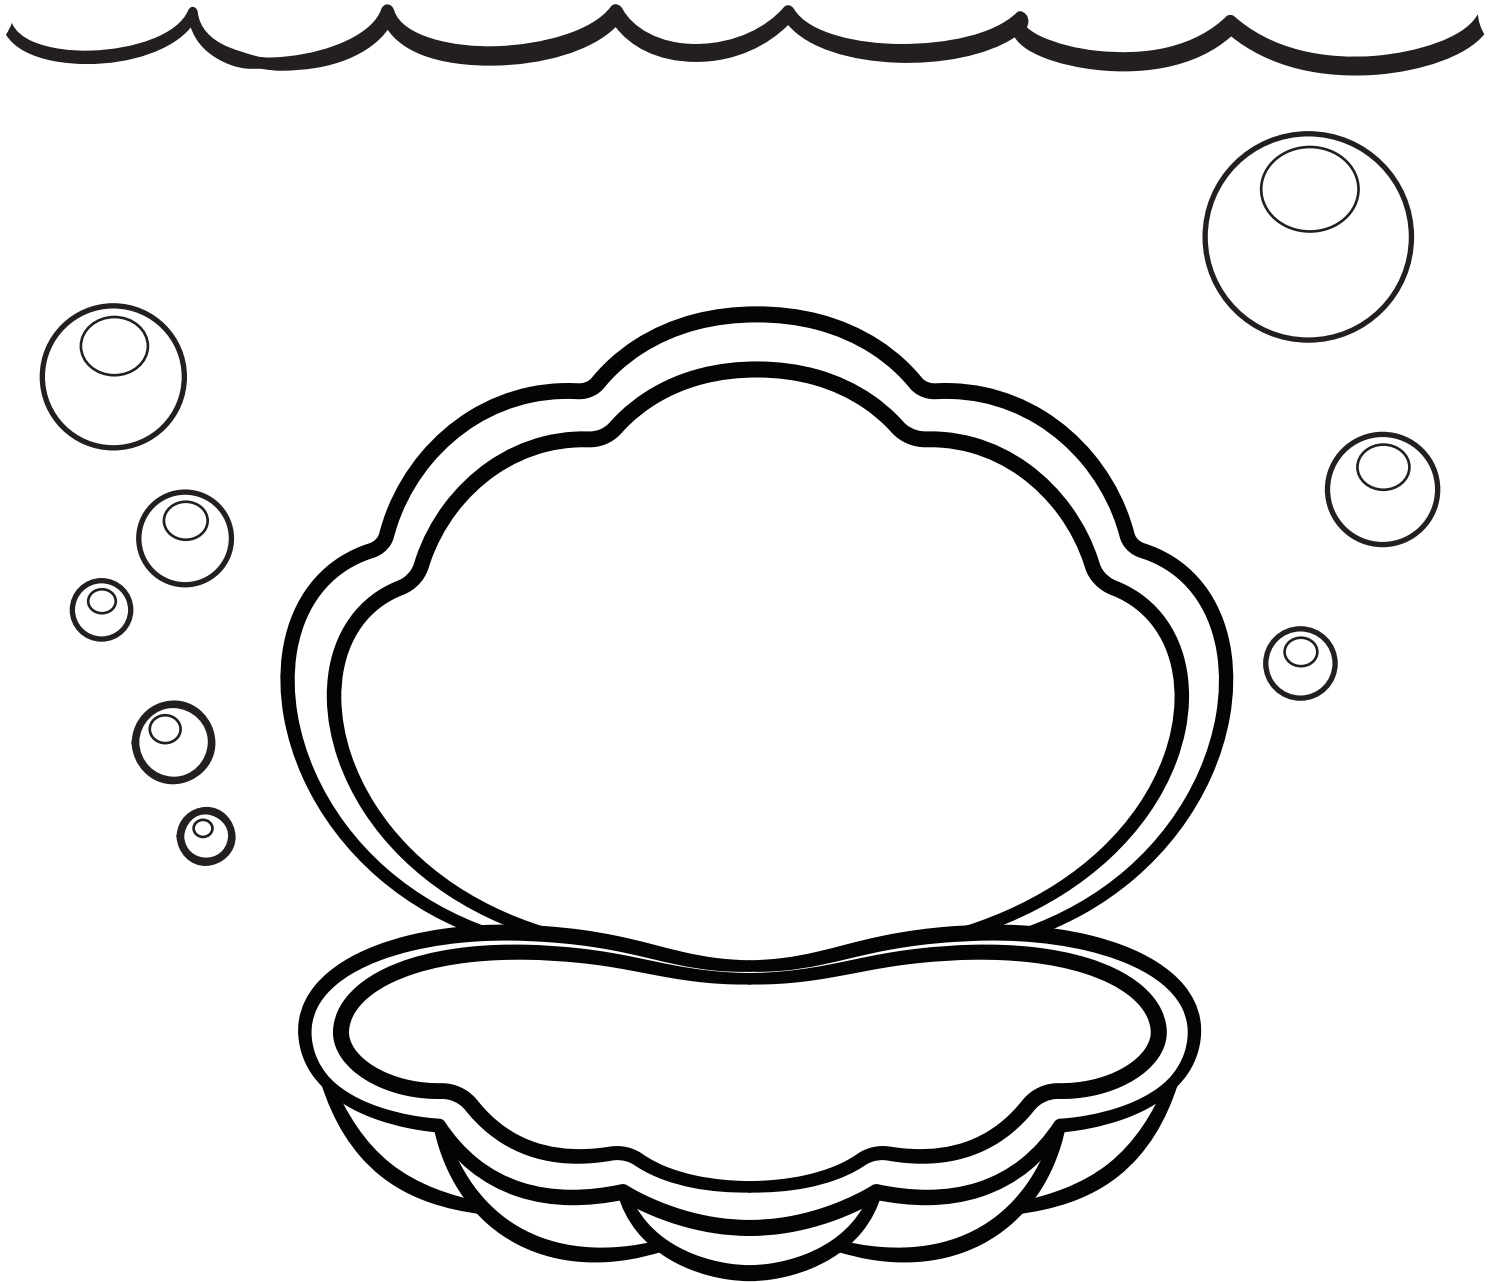

Coastal is a credit union. That's a place where everyone helps each other save, borrow, and grow together! We're a cooperative, also called a co-op, where people work together to take care of their money and help them reach their goals!

WHAT IS A CO-OP?

A co-op is like a team where everyone works together, shares what they have, and helps each other by giving. It's a place where everyone is a member and supports one another!

MY GIVING GOAL

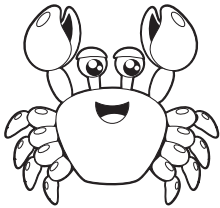

Just as co-ops give to our community, clams give us beautiful pearls. Think of something you'd like to give to someone special and draw it inside the clamshell!

How much money do you think it will cost to buy this item?

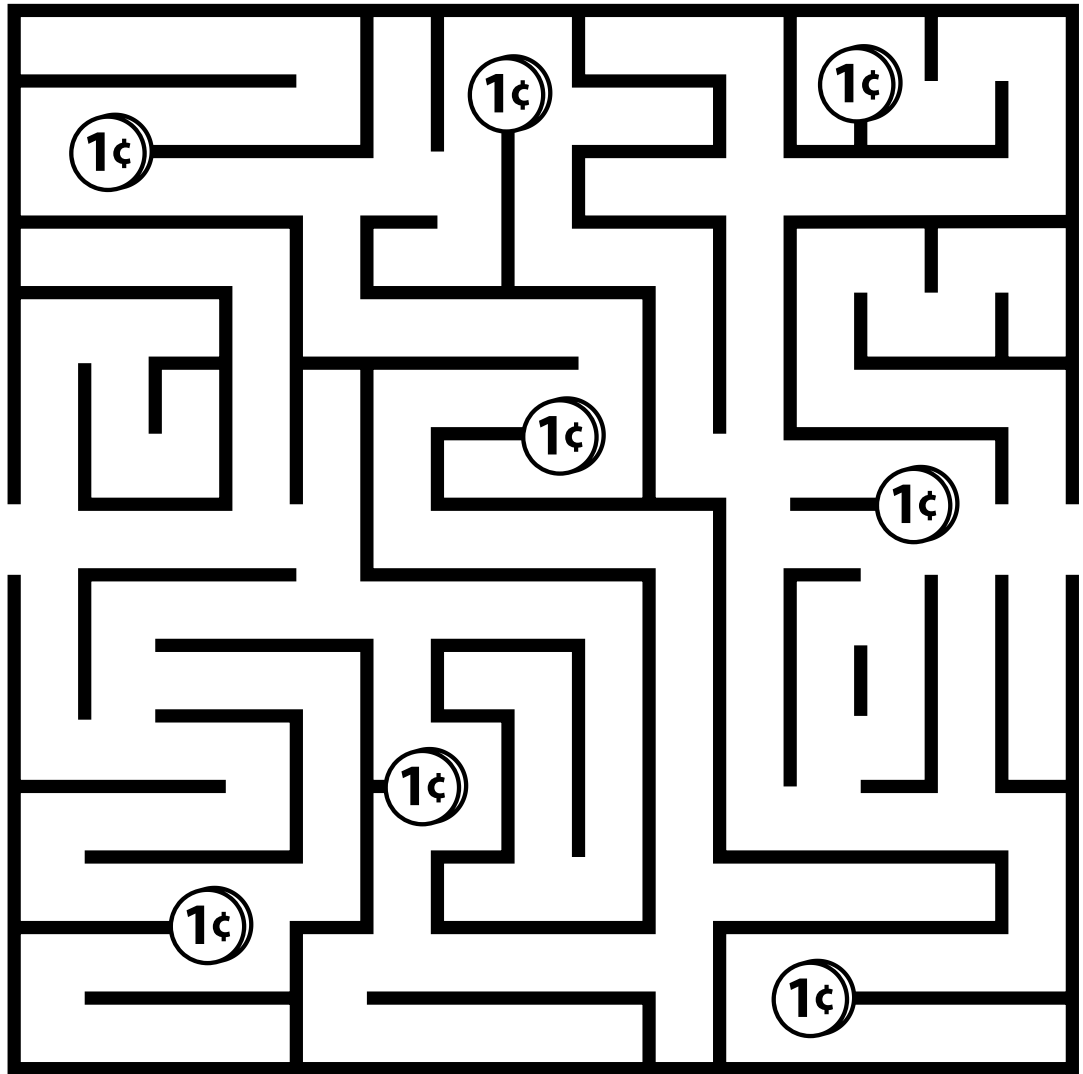

\$ _____

This amount of money is your giving goal!

THE PENNY MAZE

Help Pat the Penny Pincher collect pennies and find their way to the piggy bank!

THE POWER OF THE PENNY!

Did you know? Every time someone uses a Coastal card, a penny goes to our Foundation. This really adds up and gives back almost \$400,000 every year to our community!

MY SAVINGS GOAL

When you save your money, you can buy the things you really want! Draw a picture inside the piggy bank of something you want to save for!

How much money do you think it will cost to buy this item?

\$ _____

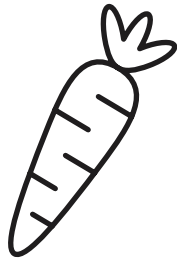

This amount of money is your savings goal!

BUDGETING AND SMART SPENDING

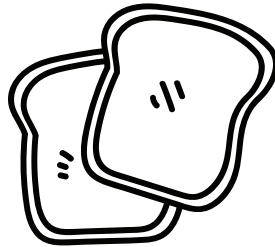

You have \$20 to spend at the grocery store. Color the items you want, but don't go over your budget!

What's the total cost for the food you picked? \$_____

FUN FACTS!

Every time someone uses a Coastal card, a penny goes to our Foundation. That adds up to almost \$400,000 every year to help our community! If you were to lay these pennies on the ground, it would stretch over 8,333 football fields!

The world's largest coin is the Australian Kangaroo One Tonne Gold Coin. It's 31.5 inches high and weighs over 2,231 pounds!

A million dollars in \$100 bills weighs about 22 pounds. That's lighter than a carry-on suitcase!

Some money has special ink that can only be seen under a UV light. This helps keep it safe from being copied.

The world's first paper money was created by the Chinese during the Tang Dynasty in the 7th century where it was called "flying money".
